Individual Learning Plans for all 8th and 10th grade students in Kenosha Unified School District will be scheduled for the 2011-2012 school year during the months of January and February. These are individual conferences in which the student and his/her parent meet with the school counselor to discuss each student’s individual personal and social growth, their educational and career development, and their high school class choices. Emphasis is placed on a review of overall academic performance, talents, abilities, interests, and learning styles.

Individual Planning Conferences are specifically designed for parents to gain insight into their child’s development and allows students to gain insight into the direction they are headed in the future. The counselor will help determine how to help individual students create and achieve goals for the future.

Conferences will be held with your eSchool counselor, Kim Gorman. This conference will last approximately 30 minutes. Please contact the eSchool office at (262) 359-7715 to schedule your child’s Individual Learning Plan Conference.
