The Kenosha eSchool will utilize a tiered laude option regarding achievement for graduating seniors. This option is available to all full time eSchool (non-ITED) seniors and has two (2) main criteria. The level of recognition will be based on a combination of the overall Weighted GPA achieved after the third quarter, and no later than May 1st) of the student’s senior year (using the KUSD weighted 6.0 scale, policy 5610), and completion of a community service component. The community service requirement will begin no sooner than the summer prior to the senior year and must be completed one month prior to graduation. Community service hours will be verified through the eSchool Counselor, including a submission of a reflection summary.
